JDR Solutions adds office space as business growth continues

INDIANAPOLIS – JDR Solutions Inc., a provider of equipment lease finance portfolio management services and software, has expanded its corporate office.

The company added approximately 900 square feet of space to its existing Castle Creek office park headquarters, bringing JDR’s total floor space to around 4,500 square feet. JDR moved its operations to Castle Creek in 2011.

Castle Creek is at 8606 Allisonville Road, on Indianapolis’ northeast side.

“Over the last few years we’ve been fortunate to pick up new clients and provide additional service to many of our existing clients,” said John Schaffner, JDR’s President and Chief Executive Officer. “We moved from a previous location into Castle Creek because of business growth, and now we’re expanding again. We’re happy to be experiencing growing pains.”

Doug Williams, CIO, in his new office.

An adjoining 900-square-foot space houses the Web portal development team of JDR Web Solutions, a related but separate company owned by Doug Williams, Chief Information Officer of JDR Solutions. The development team focuses on credit application and payment entry specific to the equipment finance industry.

Castle Creek covered the office space conversion costs.

JDR Solutions counts among its more than two dozen clients some of the largest financial institutions and manufacturers in the world, including Bank of America, Canon, Cargill, MetLife, Motorola, Transamerica, Vermeer and Xerox.

JDR Solutions (www.jdrsolutions.com), founded in 2001, is a privately held company specializing in front-end and back-office equipment leasing finance portfolio administration. The company offers customized business process outsourcing, software as a service, custom Web portals and consulting services. It partners with International Decision Systems of Minneapolis to provide InfoLease® and Rapport®, the equipment leasing industry's foremost management software.

The company employs 21 full-time and part-time contract workers at its offices in Indianapolis and Toronto, Ontario.
