Lewis elected to leasing association's leadership council

INDIANAPOLIS – Richard V. Lewis, Vice President of Business Integration at JDR Solutions Inc., has been elected to the Equipment Leasing and Finance Association's Business Council Steering Committee.

The council provides the ELFA input on the association's direction, while serving as a bridge between its nearly 600 members and Board of Directors and staff. The ELFA represents companies in the \$903 billion equipment finance sector.

Lewis will serve a two-year term on the council's service providers committee.

"I'm honored to represent ELFA members on this committee, and work with them and ELFA leadership to continue to strengthen both our association and the equipment leasing industry," Lewis said.

Lewis helped found JDR Solutions in 2001. The company provides equipment lease finance portfolio management services and software to banks and other financial institutions, manufacturer captives and independent lessors.

At JDR Lewis is responsible for new client integration, project/change management

Lewis

and other executive duties. He has more than 25 years of experience in banking and financial services systems, operations and business management. Lewis also was an officer in the U.S. Army Corps of Engineers.

Lewis earned a degree in business management and economics from Purdue University.

JDR Solutions is headquartered in Indianapolis and employs 21 full-time and part-time contract workers there and in Toronto, Ontario. The company offers customized business process outsourcing, software as a service, custom Web portals and consulting services. It partners with International Decision Systems of Minneapolis to provide InfoLease® and Rapport®, the equipment leasing industry's foremost management software.
